PROFILE

Hi there,im parham payam,a FRONT END DEVELOPER ! its been 4 years since i start coding,first i start my journey with html,css and javaScript,along the way,i learn reactjs and nextjs,first i was working as a freelancer for about 2 years,after that i felt that i need to be in a compony to learn team work and gain some more experience,so i joined improver digital compony (a compony based in turkey) ,and i really learn a lot from working here.
